<b>Buy a PMI Learner Kit</b>	<p>Please note that PMI requires that every student enrolled in an <b>Authorized Training Partner (ATP) Project Management Professional (PMP) exam prep course</b> must have a learner kit, regardless of whether they intend to sit the exam or not. <b>Skillsoft's PMP Bootcamp is an ATP PMP exam prep course.</b> As such, to meet PMI's learner kit requirement, Skillsoft requires all Bootcamp attendees to purchase a learner kit. Learner kits must be <b>purchased through Skillsoft</b> and <b>redeemed through PMI</b>. Contact your corporate training staff for more information to see if they will be purchasing it on your behalf or if you have to purchase it on your own from the following web page <a href="#">here</a>.</p>

## Redeem your PMP Learner Kit

If you have been given access to the PMP Learner Kit by your HR Department/Training Staff OR purchased the PMP Learner Kit, you will receive an email within 24 hours from PMI with an Invite link. You click the Invite Link in the email to start the process to get the "ATP PMP Exam Prep Student Electronic" course otherwise referred to by Skillsoft as the "PMP Learner Kit". This should be available from the "Skillsoft Corporation Partner Platform". Click the "Get Course" to start the process to add it.

Note: Be sure to check your spam or junk folder if you did not receive the email in your Inbox.

Once added you will see it listed as "PMI Authorized PMP® Exam Prep" from the My Courses option in your PMI profile.

If you are still having issues receiving the email from PMI OR adding the PMP Learner Kit, please review the following web page.
